

Happy

Thanksgiving

Re-Heating Instructions

The Turkey will need 1.5 hrs to reach the ideal temperature.

Leave the bird out (don't refrigerate)
~Start reheating 2 hrs before dinner~

Turn One Oven to 350 ' and start heating the birds covered in
Foil if possible.
also the mashed potato & Stuffing.

The green beans should be sauteed in a pan and added salt and
pepper to taste.

Heat up the Bisque and the gravy in each separate Sauce Pan.

Cranberry served cold*

When Everything is done I would turn off the oven and put the
pie inside, by the time your dinner is served the pie will be at
ideal temperature.. (if you like it Hot)

Enjoy!
And Thank you for allowing us in your house
on this day as well!

We Love you!
